For lock types 3 Point and Push codes change from 31 to 32 and 33 respectively.
 For door type Plain,1/2 Ventilation,1/3 Ventilation codes change from 2 to 1,3 and 4 respectively.

STANDARD FORM OF SUPPLY

- ModuCab LAN consists of
- » Robust Aluminum extruded frame structure - 1 no
 - » Side Panels with slam latches and locking facility with 1/3rd ventilation - 2 no
 - » Full Vented Top Cover with cable entry provision and gland plate - 1 no
 - » Bottom Cover with cable entry provision and gland plate - 1 no
 - » Depth Support channel - 3 pairs.
 - » Reducing cable channels - 2 pairs
 - » 19-inch equipment mounting angles - 2 pairs
 - » Leveling legs - set of four

STANDARD FINISH

- » Powder Coated .
- » Frame Structure - RAL 7037
- » Panels - RAL 7035
- » Front door - RAL 7037
